There is a virus—Corona virus that makes people ill
It makes people ill with high temperature and cough
They may need to go to the hospital.
What should you do?

You must stay at home
You cannot go to the shops or school
You need to keep a social distance
You mustn’t touch your face
You must wash your hands with soap and water.
What can you do at home?

exercise

read
What else?

sing

paint
And help at home
This will keep you safe and healthy
